WORK EXPERIENCE

Links Technology Solutions, Schamburg, IL — DotNet Framework Developer

January 2023 - May 2024

Developed (mostly) front-end systems for the TariffShark products. Worked primarily with legacy frameworks. i.e., DotNet Framework 4.8 Projects (Winforms and Class Libraries).

Box Packaging Partners LLC., Elgin, IL — DotNet Framework Developer

April 2022 - December 2022

Developed both front-end and back-end features for ERP and EDI projects. Worked primarily with legacy systems using DotNet Framework 4.6 Projects (Winforms and Class Libraries).

Minerallac, Hampshire, IL — Database Admin, VBA Developer

APRIL 2013 - SEPTEMBER 2017

Aggregated product attributes in accordance with the United Nations Standard Products and Services Code (U.N.S.P.S.C.)

Administered, supported and monitored databases by proactively resolving database issues and maintaining servers.

Collaborated on all stages of systems development life-cycle, from requirements gathering to production releases.

Electric Easel Inc., Crystal Lake, IL — Web Developer

JANUARY 2012 - DECEMBER 2012

Created accessible, responsive, and functional UI/UX utilizing HTML5, CSS3, and jQuery.
